Pennsylvania Game Commission News

GAME COMMISSION RELEASES 2009-10 DEER HARVEST ESTIMATES

HARRISBURG – The Pennsylvania Game Commission today reported that hunters harvested an estimated 308,920 deer in the state's 2009-10 seasons, which is an eight percent decline from the previous seasons' harvest of 335,850.

Hunters took 108,330 antlered deer in the 2009-10 seasons, down 11 percent from the previous license year's harvest of 122,410, but similar to the 2007-08 harvest of 109,200. Also, hunters harvested 200,590 antlerless deer in 2009-10, which is a six percent decline from the 213,440 antlerless deer taken in 2008-09. The 2007-08 antlerless deer harvest was 213,870.

Bureau of Wildlife Management personnel currently are working to develop 2010 antlerless deer license allocation recommendations for the April Board meeting.
